

# EVENT MANAGEMENT SYSTEM

## EMS\_NEW EVENT

The screenshot displays the 'Create New Event' window of the Event Management System. The interface includes a sidebar with navigation links: Home, All Events, My Events, Previous, New Event, Modify, Reporting, User Panel, and Alarm Panel. The main content area features a header with the system name and user information (User Name: Husain, User Id: 1). Below the header, there are input fields for Date (Apr 4, 2015), Time (9:30:30 PM), Title (Wedding), and Color (Red). A description field contains the text 'Wedding dinner'. A green alarm clock icon is positioned next to the description field. A message box with the text 'Event Created' and an 'OK' button is overlaid on the form. At the bottom, there are buttons for Reset, Save, Exit, and Logout. A large red pen icon is also visible on the right side of the interface.

- In New Event panel, user can create a new event of current/coming date.
- Fields will be set to null by clicking Reset button.
- User can exit easily by clicking on exit button.
- User can Logout easily by clicking on logout button.
